LIBRARY

Announce Theme Of National Book Week Observance

"Good Books—Good Friends" is the message which national book week brings to Daly City this week. Throughout the nation, the annual event will make children and parents more conscious of the pleasures to be found in reading.

At the Daly City public library, Mrs. Jean O'Rourke, librarian, has posted a brightly-colored poster and other material, and has made arrangements for the distribution of special pictorial bookmarks throughout the week.

In the children's room an attractive display of "dolls of all nations" adds much to the charm of the library. A little Dutch doll, a Mexican peon, an Indian papoose, a Hawaiian dancer and other amusing figures stand around in friendly fashion, while near them are grouped books about dolls.

A partial list of the titles of these doll books include such favorites as "Pinocchio," "Doll Cottage," "Floating Island," "Polly Cologne," "Little Fat Gretchen," "Drusilla," "Homemade Dolls in Foreign Dress," "Hitty: Her First Hundred Years," "The Lonesome Doll," "Paper Dolls—Their History and How to Make Them," "Dolls to Make for Fun and Profit," "Poor Cecco," "Doll's House at World's End," "Little Rag Doll," "Memoirs of a London Doll" and "The Little Wooden Doll."

In the adult portion of the library, two new shelves have been added to take care of the crowded condition in the fiction department.

POLICE

Turn Off Iron, Save House From Fire

Courteous, efficient service from the Daly City police department last week saved the home of Mrs. Haber, 263 Los Olivos avenue, from possible destruction by fire.

Mrs. Haber called the department from San Francisco, reporting that she had left the iron on in her kitchen when she was summoned unexpectedly to the bedside of her sister in a San Francisco hospital.

Police Lieutenant Barney Hilton disconnected the iron.

Stop Target Practice Near Templeton Avenue

Residents of Templeton avenue do not appreciate bullets flying around their ears. So Stanley Joseph Nielsen, 507 Capps street, will have to practice his shooting some place else.

A call to Daly City police department on Sunday afternoon revealed that the 20-year-old marksman was practicing on the top of a hill near Templeton avenue, shooting at cans and bottles, generally distributing bullets throughout the area. Police took away his .22 rifle and issued a severe warning.

Recover Stolen Coupe Near Geneva Avenue

Less than three hours after it had been stolen from Mission street and Evergreen avenue, a tan coupe belonging to Mervin Johnson, 4605 Balboa, was recovered by Daly City police early Sunday morning.

Police Sergeant W. W. Sunderland and Officer George Savage found the automobile at 4:05 a. m. near Geneva avenue, where it had been abandoned by the thief.

Observe Education Week

"Education for the Common Defense" is the theme of American Education week observed throughout the nation this week. Above are shown three important phases of education: training for a vocation, learning to read, and preparing for American citizenship. The fundamental purpose of the observance is to help parents and citizens to know the achievements, objectives and needs of their schools. More than 8,000 persons visited public schools during this week last year.

Red Cross Drive Under Way Here

Bright red posters are making their appearance all over town this week, as Daly City begins its annual Red Cross drive.

More than a dozen workers are already in the field with several more expected to join this week. Drawing cooperation from business houses, private citizens and public officials, this year's campaign is expected to be highly successful.

Heading the list of workers is Mrs. Eva Page, this year's roll-

Simultaneous Fires Call Out Entire Force

Two fires which broke out within ten minutes of each other called out the entire Daly City fire fighting force, last Wednesday evening.

At 10:47 p. m., an alarm was received from the home of G. Adreveno, 158 First street, where a fire in the basement was spreading rapidly. Companies No. 1, 3

Big Thanksgiving

A big (and early) Thanksgiving is in prospect at the Daly City Record office this year. Starting Friday this week staff members from publisher to janitor will roll up their sleeves, take a big breath, and start—but not on the proverbial turkey. Instead, on the program is a whopping Thanksgiving combination Record and Shopping News special edition to be delivered full coverage next Tuesday morning.

Local grocery stores particularly will advertise and merchandise seasonal items priced at a savings. Flowers, candy, bakery goods, wines, liquors, theater entertainment, and dozens of other things that go to make a completely happy holiday will be spread before you in next week's Record. As usual there'll be thorough local news coverage—special Thanksgiving features, too. You'll miss something grand if you don't read your Record next week. It'll be in your door handle bright and early Tuesday morning.

Made To Order - - - A Week's Vacation!

Holiday spirit was in the air in earnest this week as high and grammar school pupils learned that a week's vacation was in store for them.

No class sessions will be held at Jefferson Union high school or at grammar schools of the Jefferson elementary district, all next week. Work will be resumed, November 25.

At the high school the gymnasium and pool will be closed to the public from November 18 until November 23.

Alumni Plan "Big Game Dance"

Jefferson Union high school alumni fall social activities will break with a flourish Friday evening, November 29, at the BIG GAME DANCE, Crystal Springs Golf and Country club, Skyline boulevard.

Paul Green, president of the alumni association, and Eleanor (Hutchings) Cameron, chairman of the entertainment committee, announced this week that arrangements for the gala dance are rapidly being completed. Tickets (\$1.50 per couple) are now on sale at the Daly City Creamery. Admission will be available to one hundred couples only. Alumni and their guests are invited to make their reservations early.

Field Day Set For Saturday

Riddle: Where can a Daly Cityite, young or old, have the most fun for the least money on Saturday?

Why, at the big Scout-Cub field day at Bodien park, 11 a. m. to 4 p. m., of course!

Group 141, Boy Scouts of America, have completed plans for one of the biggest outdoor events of the winter season. Everybody has been invited to attend and advance sale of "canteen checks" (good for refreshments and soft drinks on the grounds) indicates that several hundred parents and friends will flock to the all-day event.

Time Marches On - - Or So Headlines Say

Men grow old and die, nations change, wars come and go—but in spite of it all, the old world rolls along pretty much the same.

Headlines taken from a yellowed San Francisco Call-Bulletin owned by Henry Warshawski, local dry-goods store proprietor, and recently displayed in his window, vividly illustrate this point. "Draft Names Complete!" the headlines screamed on June 27, 1918. "Austrian Line Wiped Out!" "Germany Maneuvering for New Offensive!" "Two Ships Attacked by U-Boats!"

But other headlines of the yellowing newspaper reveal an almost-forgotten scene. "Senators

Well Anyway It Cured His Toothache

It's bad enough to have the toothache—but when you have the toothache and then get locked inside the dentist's office besides, it seems too much.

Such was the sad experience of William Keelty, sixteen-year-old youth of Mussel Rock, last Saturday afternoon. After waiting three-fourths of an hour in a local dentist's room in Colma, Keelty began to be impatient. Anyway,

This Dime Caused Lots Of Trouble

It was only a dime's worth of ham, but it caused plenty of excitement up on Shakespeare street.

The customer wanted it exchanged. The grocery proprietor said no. The woman snatched up a box of cookies and started to leave the store. The proprietor stopped her. The irate lady lost her temper. She began hurling eggs.

She says she missed him. He said she didn't. She applied for a warrant for his arrest.

Judge Wade H. Clay listened carefully to both sides of the case, Friday. He not only refused to issue the warrant in question, but administered several well-chosen remarks to the lady in question.

The proprietor, the attorney who represented him, Stanley E.

You're Invited!

By Al Boynton

Remember when the Daly City merchants used to get together for a picnic, a dinner, a sociable evening, or business session? Those times were lots of fun, weren't they? With the thought of approaching holidays, many local business people have suggested that we have another of these fine get-togethers.

The place and time have been set and you're invited. The affair: a dinner meeting—(65 cents per reservation)—the place: Colonial Cafe, 6192 Mission street—the time: 6:30 p. m. tonight, November 13.

Business people and their wives and guests, city officials and civic leaders, organizational people and anyone else who wishes to come, are welcome.

"I'm a Booster" will be the theme of the evening. A guest speaker has been invited, and an interesting program is being prepared.

PLEASE NOTE! Everyone is invited, but reservations must be made not later than 1 p. m. today. Phone The Daly City Record, Randolph 3215, for your reservations; or call Colonial Cafe direct, Randolph 9671.

SERVICE

Five From District Will Answer U. S. Call To Arms

Sometime next week—between Monday and Friday—five young men from this district will leave home to serve their country.

For the period of one year, these young men will learn the arts of war. America's first peacetime draft to establish a strong, skilled army, has finally reached home to Daly City.

It is expected that this district's first quota of five will be filled entirely from the twelve volunteers, provided they pass their physical examinations satisfactorily.

But when the second call comes on December 22, it will probably be necessary to draft men from the elaborate lists now prepared.

Already in the mails are the first 125 questionnaires from which men will be classified as available for service or deferred. Fifty questionnaires have been returned to the board so far, and the first few men on the list given official notice of their classification.

Within the next week a total of 10 per cent of the questionnaires will have been mailed.

Meanwhile all Daly City asks itself—who will be the first five men from this community to go?

In addition to the eight volunteers whose names were published by The Record last week, four more have signed up—Carl Oscar Simon, B street, Colma; William Henry Green, and Carmine Wesley, South San Francisco, and George Tandy, Brisbane.

ACCIDENTS

Auto Kills S. F. Man On Daly City Street

Angelo C. Dellepiano, 50, 150 Farallones, was killed by an automobile which struck him down at 7:30 p. m. Saturday as he attempted to cross Mission street at Parkview avenue.

Driver of the south-bound death car was Charles John Driscoll, 525 Homer avenue, Palo Alto, who is being held by Daly City police on a charge of negligent homicide.

Rushed in a semi-conscious state to the Villa sanitarium by the Daly City Ambulance, Dellepiano died at 4:05 a. m. Sunday. Internal injuries and broken legs from the smashing blow were responsible for his death.

Funeral services were conducted yesterday morning from the W. C. Lasswell funeral chapel, with interment in Olivet Memorial park. Dellepiano was reported the proprietor of two San Francisco grocery stores.

Charges against Driscoll are pending results of the coroner's inquest, Police Chief James G. Reardon said today. Driscoll was released on his own recognizance.

Man Killed When Crane Tips

One man was killed and three others seriously injured when a crane tipped over at Western Pipe and Steel company in South San Francisco at 11 a. m. yesterday morning.

The accident was blamed on the overloaded condition of the crane. Among the ambulances responding to the disaster call was the Daly City Ambulance.

CHAMPS TO PLAY AT GYM

Four Northern California champions will burn up the floor at the Jefferson gym tonight as they stage one of the fastest demonstrations of badminton to be held in the Bay area.

The crack quartet hails from the Athens club in Oakland. It includes the stellar badminton players John Holman, Svend Knudsen, Norman Blanchet and Howard Holman, all of whom have made a solid reputation for themselves at state and city tournaments the last three years.

Brought to Daly City by the local WPA Recreation department, the four will stage their demonstration of this popular sport at 8 p. m. this evening.

The show is open to the public without charge. The local recreation department urges sports fans not to pass up this unusual opportunity.

Step Right Up -- Boys And Girls

Boys and girls—how would you like to win a free Thanksgiving turkey?

Ten fine gobblers will be awarded to lucky winners next Monday and Tuesday mornings at the fourth annual county-wide turkey shoot conducted by the San Mateo WPA Recreation unit at Coyote Point.

The shoot will be open to all boys and girls between the ages of 10 and 16 years, and there is no entry fee or charge of any kind. The event is sponsored by the San Mateo junior chamber of commerce, who will donate the prizes and the necessary targets and ammunition.

Officials stressed the fact that it is not necessary to be a sharp-shooter or crack shot to win a turkey. Luck targets will be used. Anyone who can hit a target six by eight inches has a chance, since the lucky numbers win.

Contestants may use their own .22 caliber rifles, provided they have no telescopic sights, or they may use those furnished at the range.

For further information, contestants should contact the local WPA Recreation office, 101 Parkview avenue. The shooting will begin at 9:30 a. m. each day and will continue until late afternoon.

Recreation Commission—

The city of San Mateo reorganized its Park and Recreation commission last week. The commission now consists of six members who operate in an advisory capacity to the city council under by-laws and regulations that prescribe their powers and limitations. The members are appointed from various sections of the city.

Arthur Ryan, county WPA Recreation supervisor, stated today that Redwood City and San Mateo are the first cities on the Peninsula to take this forward step. He believes other cities will follow when they discover the value of sectional representation.

THEY'RE IN THE MARINE CORPS NOW!

Thursday of last week was "farewell" day for five Daly City youths when Uncle Sam called them into the service. Members of the Marine Corps and Band, these men have gone to Mare Island for an initial training period and then to strategic points on America's national defense lines.

Pictured from left to right are: Frank Davison, Earl Gillians, Harry Wendell, George Schmalz, and Bill Gfroerer. Davison has seen 6 years service in the Marine Reserves and is a private first class. Wendell has been in the corps for 2 years. Sea soldiering is a new experience for Schmalz, Gillians, and Gfroerer.

The World Seems To Be Their Oyster

From Jefferson Union high school to China is a long jump—but Bernard Winn, 67 Miriam street, didn't let that bother him.

The former Jefferson student sailed for the Orient, Friday, as a seaman aboard the Swedish ship, Herma Gorthon. The boat was scheduled to sail on Wednesday, but delayed because of bad weather.

The son of Mr. and Mrs. John C. Winn, Bernard expects to return home in about two months. This will be his first voyage on a large ship.

Meanwhile another youthful adventurer, Paul Americo Tolovi, 41 Theta street, also took to the seven seas. But Tolovi has set sail from British Columbia for home, where he will spend a brief visit with his family, Mr. and Mrs. Joseph Tolovi, before leaving again for South America.

The well-remembered Jefferson football star has led an excitement-packed life already and done more travelling than most people. He recently travelled through 22 states of the Union on a freight car, returning home only in time for the opening of school. His last

Television 'Make-Up'
Actors' make-up has changed constantly since the inception of television. About 1930 the actors painted their faces white and their lips black, but the present make-up is very similar to that used in the movies.

In June, 1608, during his exploration of the Chesapeake bay and the Eastern shore, Capt. John Smith discovered Tangier island and named it after the seaport in Morocco.

Flower Growers Beat Peninsula Merchants

San Francisco Flower Growers came out on top in a close game with Peninsula Merchants Sunday on the Jefferson diamond. Final score: 7-6.

The Peninsula pitcher allowed 9 hits, the Flower Growers moundsman, 7 hits. Grounds were supervised by the local WPA Recreation department.

Universal Takes Bowling Honors

G. Garibaldi of Universal Press made a clean sweep of high individual honors with 206 and 553 last Tuesday night in the 9:30 division of the Merchants league, at Burlingame bowl.

Universal took 2 games away from the league leaders, Fisher's boys. The local Press is giving Fisher's a fast run for their money, challenging them as a close second now.

Milo's Market fell before California General Linen and Supply, 2-1. Present league standings are:

School children who play "hockey" are prompted to do so by an uncontrollable malady, in the opinion of C. T. Stewart, assistant director of census and attendance, Atlanta, Ga. So, instead of inflicting punishment, efforts will be made to discover the cause and take suitable curative steps.

(Continued from Page 1)

his tooth had stopped aching. So he headed for home.

He only got as far as the door of the room, however. It was securely locked. His outraged outcries and kicks finally brought a neighbor. The neighbor called police.

Police Chief James G. Reardon arrived on the scene a few moments later with a long ladder and rescued Keely via the window.

It was the dentist who supplied the key to the situation—and to the door—when he returned a little later from a football game. It seems that the door was out of order and that the dentist didn't know there was a customer in the waiting room, anyway.

P. S. The toothache is cured.

'Gone With the Wind'

TIME MARCHES ON ...

(Continued from Page 1)

O. K. Dry U. S. "Czar Murder Confirmed" "Suffrage Filibuster in Senate."

On June 27, 1918, Madame Sarah Bernhardt was beginning a two-weeks engagement at the Orpheum. "The Ordeal of Rosetta" was packing them in at a downtown theatre, while at a third theatre Douglas Fairbanks was starring in a silent film "with a hundred stunts—count 'em."

The back page carried an advertisement eloquently describing the joys of dancing to the victrola. An anonymous music teacher offered instruction in rag-time. Jack Dempsey was hailed as the "new nonpareil."

On June 27, 1918, the White House was having a sale on ostrich boas and capes; Hale Brothers on alpaca duster coats; O'Conner's on corsets.

The Emporium was featuring "women's undermuslins," which included such items as bloomers, envelope chemises, petticoats and corset coverings. They also advertised a special on women's kid and patent leather boots, with pointed toes and rows of buttons—to say nothing of elegant wide ribbon for hairbows. Magnin's were ready to complete your chic outfit with a sale on "voile waists

with fresh organdy trim."

We may smile at the fashions, but the turning of a page makes for sadder reading—broken dreams, hopes that the years have shown to be worthless. On June 27, 1918, the House of Lords revealed a plan for a proposed "league of nations" to follow the war, to establish a just and lasting peace. On June 27, 1918, a plan was afoot for the raising of the Lusitania and the salvage of her treasure from the shifting channel sands.

On that day President Wilson was being implored to save Tom Mooney from an unjust imprisonment. A three-column editorial cartoon showed Russia "still a problem," torn between Germany and the United States. And perhaps the most poignant headline of all in this tragic world of yours thirty years later is a small headline which says simply "Hun Air Raid on Paris a Failure."

A strange, unfamiliar world on June 27, 1918—one without radios or swing or women suffrage—and yet one that amuses us in its similarity to our own. "Oakland Woman Asks Divorce" says a final item in the edition. It seems that her husband was in the habit of "hurling dishes" at her.

and 6 each got a stream on it, as did the Colma Volunteers.

While working to subdue flames here, the department at 10:55 p. m. received an alarm from an unoccupied duplex apartment located at Sullivan and Ninety-first street. Reserve companies No. 2, 4 and 5 sped to the scene.

Busy at the first fire, Fire Chief Andrew P. Chesney was notified by Police Sergeant W. W. Sunderland that the second fire had a bad start. Knowing the scarcity of water in that vicinity, Chief Chesney dispatched two of the first alarm companies to the second fire.

Co. No. 4's pump and small tank of water killed the worst of the blaze and chemical tanks on the other apparatus finished the job.

The origin of neither fire has been determined.

A false alarm from the Jefferson Union high school gymnasium called out companies 1, 3 and 6, Thursday afternoon.

"EDUCATION FOR COMMON DEFENSE"

The United States are observing American Education Week and this year the theme is "Education for the Common Defense."

This is a timely theme and a vital one. Citizens need to be mentally as well as physically prepared for the totalitarian thrusts at democracy. The finest army and navy in the world will never save the collapse of our democracy unless we are capable of accurate thinking ability, of a firm and lasting loyalty to the principles that have made this nation great.

We should remember that common defense is more than guns and skill—our state of mind needs to be as tough as the latest destroyer, our faith needs to be as unflinching as our mechanized units.

IT'S A GAME!

Everyone's filling out questionnaires this week. So why don't you? Jump on the bandwagon and tell the world just what kind of a Recreation Program YOU would like to see sponsored in Daly City.

Woman Reports
Theft On Highway

Robbed of nearly \$2200 worth of jewels and furs between South San Francisco and Colma, Mrs. M. Harris, 665 Hyde street, early Monday evening reported a daring highway theft to Daly City police officers.

Mrs. Harris was returning home in her car from the races, she said, when an unknown man crowded her over to the edge of the road, leaped out of his own car and demanded that she "fork over."

He escaped with a \$1,000 diamond ring, a \$400 silver fox coat, a \$300 diamond wrist watch, \$60 in jewelry and other rings valued at \$425.

She could give police no description of her assailant or his car.

In-Service Training
Course Open To Public

Another in-service training course—"Community Recreation Organization"—opened yesterday morning at the No. 1 firehouse, 188 Santa Barbara avenue, under the supervision of Bruce H. Boynton, local WPA recreation director and assistant county supervisor.

Various aspects of the subject will be discussed in an eight-week course which will be attended by recreation leaders of Daly City, South San Francisco and San Bruno. The classes are also open to the public.

De Soto Dealer Wins Plaudits

James E. Donahue, Daly City De Soto-Plymouth dealer, received congratulations and praise this week for his aggressive cooperation in introducing the new 1941 De Soto to this locality. The plaudits came from Van W. Peabody, vice president and general manager for James F. Waters, northern California De Soto-Plymouth distributor.

"Records show us to be the world's largest distributor of De Soto motor cars and the world's biggest Plymouth retailer," Peabody stated. "We know this enviable top position can be held only with cars of exceptional merit and a group of alert associate dealers and salesmen carrying out our unyielding policy of a square deal to the motoring public."

"Our hearty thanks and congratulations go to Donahue," Peabody declared. "We consider him one of our most consistent producers, well liked by all who know him."

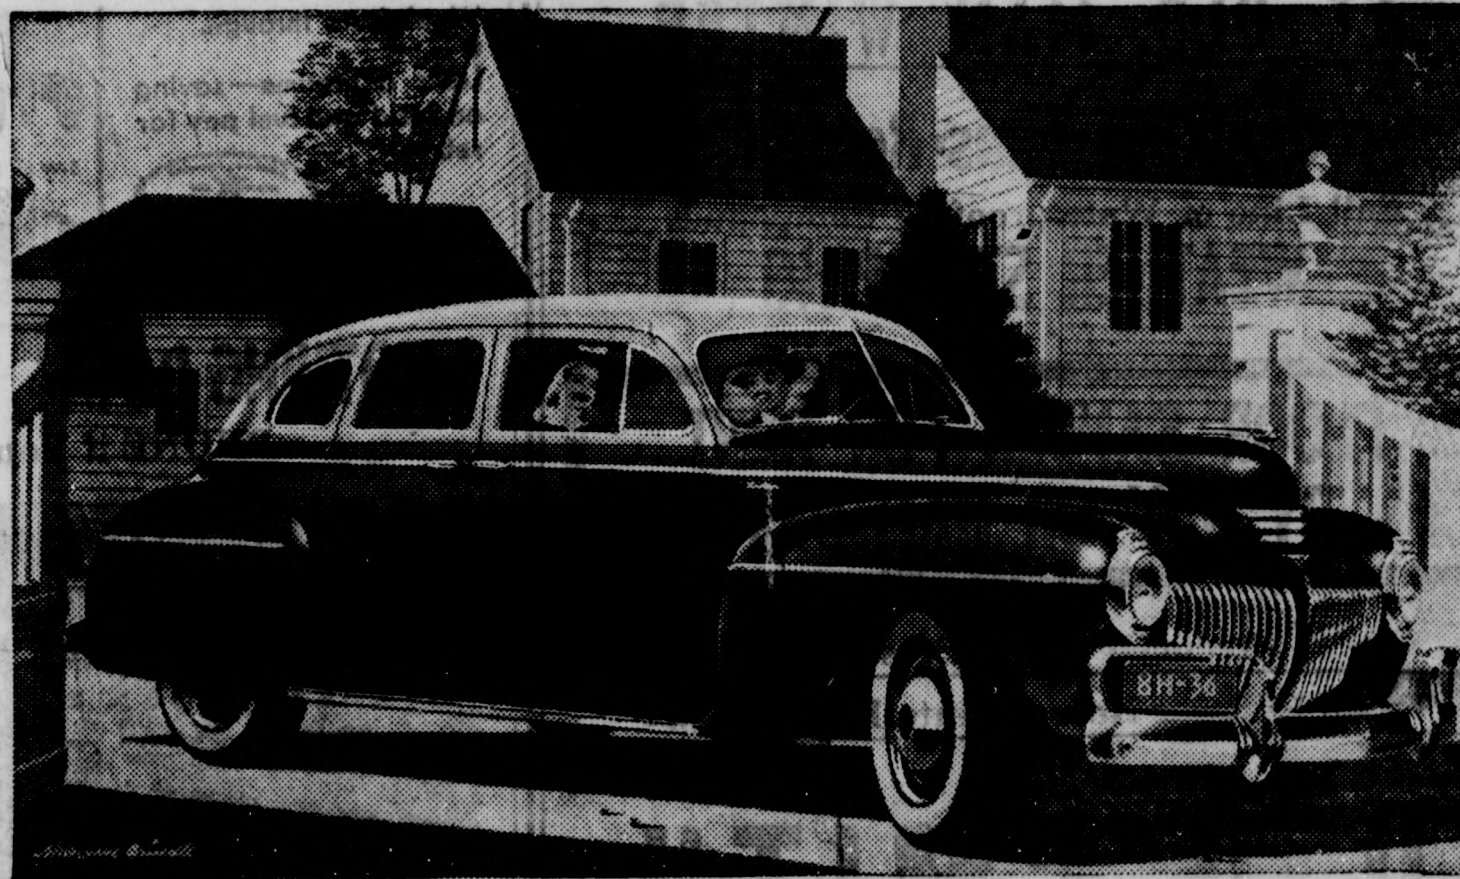

"In congratulating Donahue," Peabody went on to say, "we also must pay tribute to a car of outstanding merit. De Soto engineers and designers have outdone themselves in the new 1941 models. More beautiful and luxurious than ever before, even though we thought the epitome of elegance had been reached last year, both this year's De Luxe and Custom models are entirely new in shape and contour."

"Interiors are a revelation in the trend of modern car appointments toward beauty and luxury," Peabody pointed out. "With two-tone upholstery, this theme is even carried out in instrument panel and hardware by the insertion of colored plastic inlays that harmonize with the upholstery tones."

Bullet's Ineffectiveness

The ineffectiveness of bullets shot into water is the result of the absorption of energy by the water. The amount that a lead bullet will flatten on impact with water varies with the striking velocity, the hardness of the lead and the angle of impact.

STEAMED FIG PUDDING

is a dessert
to please a man

says Dorothy Greig

A MAN'S face always lights up when a satisfying dessert such as this Steamed Fig Pudding is set before him. I always think of father when I serve it. "No bits of stuff for me," he'd snort. "Give me real desserts." Well, this would have been exactly his idea of a real dessert.

It is spicy and cake-like, thickly studded with chopped figs. Bring it to the table smoking hot and fresh

and serve it with an orange sauce that has been creamed to a foam. Did I say a man would like it? Just watch him!

Steamed Fig Pudding

4 tablespoons shortening
1 cup sugar
1 egg, beaten
1 can condensed tomato soup
2 cups flour, sifted
1 teaspoon cinnamon
1/4 teaspoon nutmeg
2 teaspoons baking powder
1/4 teaspoon baking soda
1 1/2 cups chopped figs
Sift flour, then measure, add spices, baking powder and baking soda and sift again. Wash the figs and dry thoroughly, then chop and combine with 2 tablespoons of the flour mixture. Cream the shortening, and add sugar gradually and cream together well. Add beaten egg and mix thoroughly. Then add the flour alternately with the tomato soup. Stir until the mixture is smooth. Then fold in the figs. Put in a greased mold and steam for 2 hours. Use melon mold, empty coffee can or shortening can and fill to within two inches of the top. Serves 8-10.

Foamy Sauce

1/2 cup butter
1/2 cup confectioner's sugar
1 teaspoon orange rind, grated
1 egg, separated
3 tablespoons orange juice
Grate the orange rind and to it add the orange juice. Cream the butter thoroughly. Add the confectioner's sugar, and mix. Stir in the egg yolk, then the orange juice. Fold in the beaten egg white. Serve 2 spoonful on each piece of pudding.

Mothers Club Installs Officers

More than fifty members of the Mothers club of Our Lady of Perpetual Help school met Friday night to install new officers for the coming year.

Taking over the reins of office were Mrs. Sophie Klingler, president; Mrs. Elsie Thomson, vice-president; Mrs. Lorraine Wall, recording secretary; Mrs. Josephine Kelley, treasurer, and Mrs. Mary Musante, financial secretary. Mrs. Marion Schubert was the installing officer.

The president appointed Mrs. Eleanor Byrne as marshal for the year and Mrs. Schubert as chairman of the sewing circle.

Mrs. Adams, assisted by Mrs. Mary Battye, is in charge of the November 29 whist party. The club's annual bazaar will be held Sunday, December 15, at the parish school and will feature many hand-worked articles for sale and as prizes.

Brief talks were enjoyed from Father James Bergin and from Mrs. Klingler. Mrs. Lucille Mariscola, chairman of the evening's social, then served attractive refreshments from a long table artistically decorated with autumn leaves and pastel shades. Favors were pastel book-ends, while the candy baskets represented flowers.

Later, Mrs. Klingler received her second surprise of the evening when Mrs. Schubert presented her with a beautiful week-end case from members of the club.

Francis Bacon's Hobby

Francis Bacon, the essayist, spent his spare time devising new styles in men's clothes. He made 1,200 drawings of freakish raiment and had tailors make some of them up. When no friends of his would wear any of the wild and giddy costumes, he hired men to put them on and promenade the London streets.

Chemical Energy Relationships

Today chemists without having to conduct a single experiment can frequently calculate whether a certain product can be produced from new and untried raw materials, the American Chemical society reports. Energy relationships are studied to learn whether or not an untried reaction will liberate free energy. Energy has a natural definite tendency to scatter, and this tendency provides the driving force of chemical reactions.

Mission Auto Presents Chrysler Line For 1941

With current indications pointing to one of the largest years in his history, A. L. Timossi, Mission Auto company, Chrysler-Plymouth dealer here, yesterday announced that a newspaper advertising would again be employed to acquaint motorists with the features to be found in the new Chrysler line for 1941.

"As in the past," stated Timossi, "the newspaper will receive the bulk of our advertising, since we have consistently found it to be the most economical and responsive medium for Chrysler advertising."

"During the past five years," continued Timossi, "we have carried a consistent newspaper advertising campaign and it is my opinion, that the local newspaper, because of its wide and intensive coverage of the community, its proved reader interest and reader confidence, offers one of the best mediums to reach motorists in this area."

"Another advantage," stated Timossi, "is the fact that newspaper advertising may be kept flexible to meet the specific needs of our business, and to effectively inform people of the policies and sales programs in our organizations."

Timossi stated that attendance at the twenty-fifth Annual Automobile Show recently held in San Francisco was greatest in the history of the event, and that public acceptance of the new line of Chryslers forecasts one of the largest years since the first Chrysler was introduced.

VOLKMANS CELEBRATE GOLDEN WEDDING ANNIVERSARY

Couple Have Lived In Colma For Twenty-Five Years

In celebration of their Golden Wedding anniversary, Mr. and Mrs. Frederick Volkman, Colma, were honored guests at two parties last week-end. Friday evening the immediate family gathered for a dinner party at Monaco's in San Francisco. On Sunday, the couple enjoyed an open house party at their home in Colma.

The Volkmans, who were married in San Francisco, November 8, 1890, have lived in Colma for 25 years and are well-known to residents in this area. They have four sons and two daughters. Mrs. Volkman is a member of Cypress Circle, U. A. O. D. and El Carmelo Parlor, Native Daughters of the Golden West. Volkman, now retired, was a prominent business man here for many years.

Relatives attending the dinner, Friday, in honor of the couple's fiftieth anniversary, were: Mr. and Mrs. Henry Volkman and son Henry jr., San Francisco; Mr. and Mrs. Leslie Volkman and son Leslie jr. and daughter June, Daly City; Mr. and Mrs. Edward Moon, and daughters Anita and Muriel, Daly City; Mr. and Mrs. George Wright and sons Robert and Billy, Colma; Mr. and Mrs. Fred Volkman jr., San Bruno, and Mr. and Mrs. George Volkman, Daly City.

Mrs. Volkman, who has beautiful white hair, wore a corsage of orchids with her blue gown, Friday.

For Sunday's open house the Volkman residence had been decorated with white and gold chrysanthemums. A large wedding cake was the centerpiece for the beautifully decorated buffet table. Refreshments were served to more than 200 guests who called to congratulate the couple during the day.

Treaty of Ghent

At Ghent, in Flanders, on December 14, 1814, the famous peace treaty was signed which formally declared at an end the War of 1812 between England and the United States. News of the treaty did not reach this country until February and fighting was still going on in Louisiana.

Name Norma Barker To Represent Jefferson

Norma Barker's hat is in the ring again—this time for State honors.

Chosen from a group of senior girls named by the Senior class, Miss Barker was the final candidate selected by the faculty as Jefferson Union high school's representative to try for the Good Citizenship Pilgrimage to Washington, D. C.

The Daughters of the American Revolution will take as their guests on the pilgrimage to Washington, one girl from each of the 48 states, selected from the senior classes of the public high schools as excelling in the qualities which make for good citizenship.

In California, Miss Barker will compete with girls throughout the entire State for the honor. Dependability, service, leadership and patriotism were considered in the selection. In addition, a written test of attitude and knowledge related to good citizenship will be given each candidate.

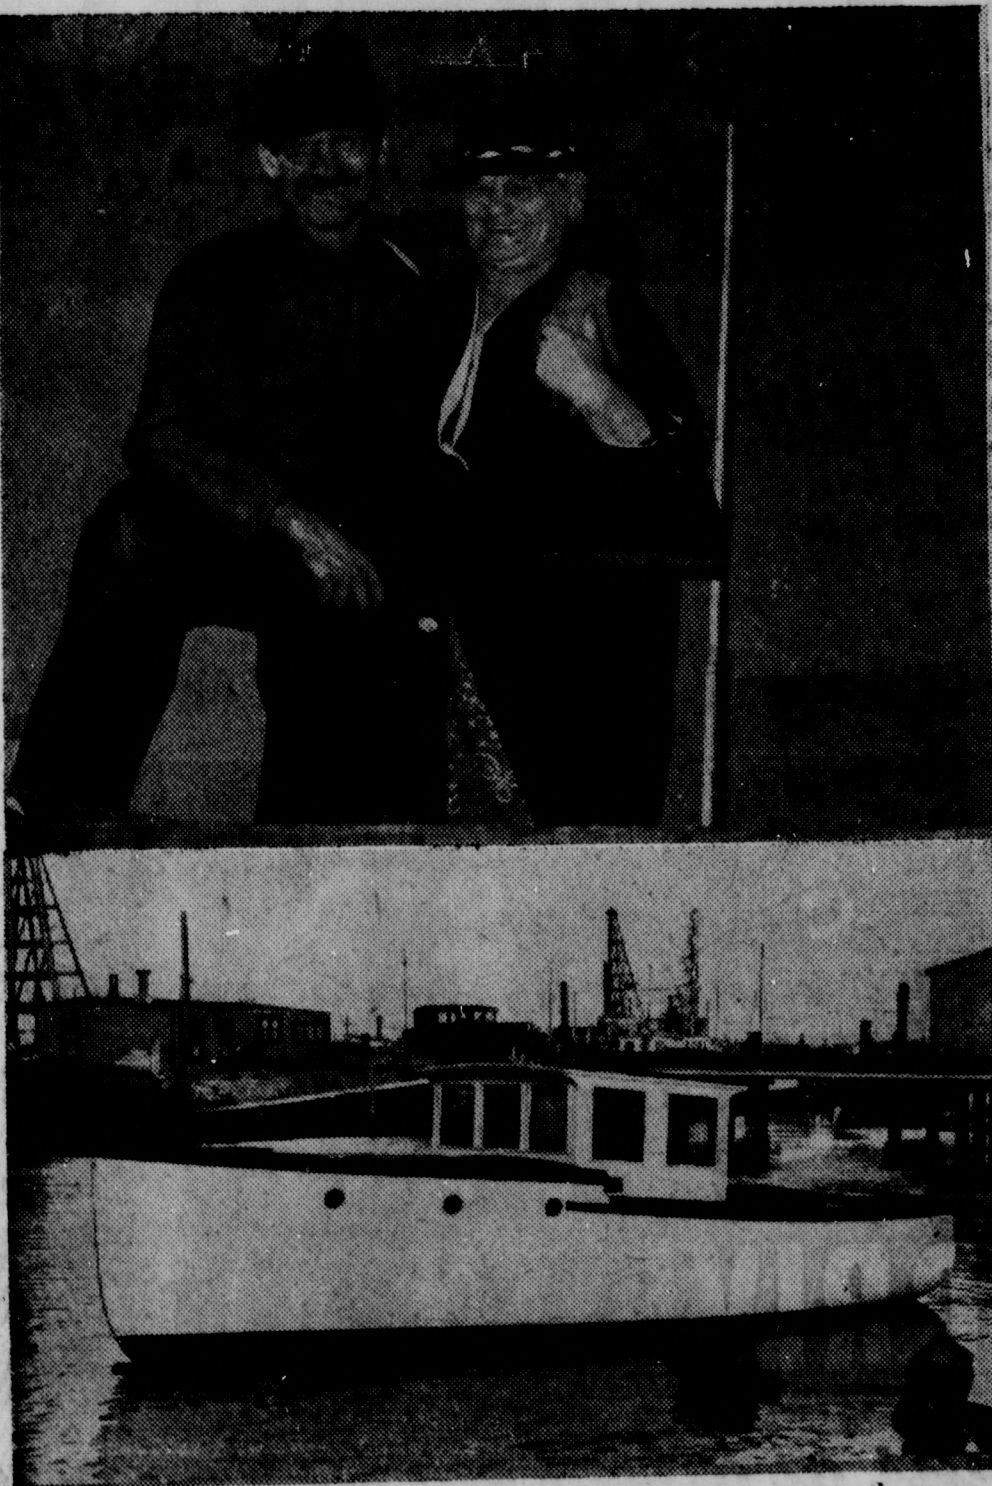

Miss Barker, president of the January, 1941, senior class at Jefferson, has served her school as student body secretary and GPAL manager. She is a member of the California Scholarship federation.

If Miss Barker wins out in the state contest, she will receive an expense-free trip to the Capitol. Three full days of sight-seeing at historic places of interest are on the program.

Mr. and Mrs. Frederick Volkman, pioneer residents of Colma, who celebrated their Golden Wedding anniversary, last week-end.

Mr. and Mrs. Johnson and "Spindriff"

Why all the broad smiles? Well, it was a BIG day. Mr. and Mrs. Martin Johnson, 401 Westlake avenue, are shown watching the launching of the "Spindriff," November 2.

It was the climax to more than two years of work, for the thirty-foot cabin cruiser was built by Johnson in his backyard. It is a beautiful boat, complete in modern improvements and up-to-the-minute facilities.

Johnson, a talented craftsman, will use the boat for pleasure, and to accommodate parties for fishing excursions. The craft will amply accommodate six passengers.

A Daly City pioneer, who has lived here for more than thirty years, Johnson has built three boats at his home during this time. The first boat, the "Thea", is still in use by another party on San Francisco bay. The second boat, the "Forty-Forty-One" caught fire on the bay and burned several years ago.

Anyone interested in fishing parties may call Johnson at his home, RAndolph 0901.

Chevrolet Shift Popular With Public

As the annual period of auto shows and "open house" events draws to a close in the United States, tabulations of public reactions made by Chevrolet officials in the various parts of the nation indicate that above all features and improvements in the 1941 Chevrolet models the original Vacuum-Power shift ranks as the first in motorists' regard.

"Chevrolet for 1941 incorporated a splendid array of advancements and many of these improvements gave the Vacuum-Power shift a hard run for the honors," said M. J. Soldavini of Belli Motor company. "But in the overall picture, as secured by Chevrolet's field organization in the nation, it was evident that the appeal of the eighty per cent automatic gear shift feature has not dimmed."

"This year the famous easy shift has been refined and developed to a point where it has been praised by automotive experts as the 'world's easiest gearshift device'. It now takes but 20 per cent driver effort to shift from gear to gear. In plain terms, this means finger-tip shifting. A touch of the finger and the automatic vacuum-power does the rest."

The executive observed that the auto show and "open house" events brought millions of Americans out to see what improvements had been made by the nation's sales leader. These people were greatly interested in the increase of power from 85 to 90 horsepower without changing the bore, stroke, or piston displacement. They were interested in the longer wheelbase and the wider bodies. They were interested in such revolutionary improvements as the "safety steps" replacing the running boards and the locks on both front doors.

List Contributors To Church Fund

The book will be used to list all contributions to the recently-established fund for the purchase of the church building at Santa Barbara and Vista Grande avenues.

Each donor to the fund will be allotted one page of the indexed volume. The book will be bound in brown velvet with a title embroidered by Mrs. Niel Edwards' junior girls class. The Joy Boys, junior boys class, will print the leaves and do the binding.

Niel Edwards, Sunday school superintendent, will be custodian of the book and allow any contributor to see his page. The book will not be open for public inspection, however. At the present time, a temporary volume has already recorded gifts ranging from 5 cents to \$500, according to Straughan.

Felt caps with the inscription "Let's Buy the Little Brown Church" have proved popular with the younger children, whose contributions range from a dime to a dollar.

At Jefferson School

Regular daily class-room work will be the order of the day at Jefferson school during American Education Week.

The up-to-the-minute, spacious kindergarten will have its art, music, dancing, singing, modeling and games—all combining work and play.

From the first grade through the eighth, classes will be conducted as usual in social studies, reading, spelling, arithmetic, English, music, and art.

Classes in glee club, library and physical education round out each busy day.

Kindergarten

One of the creative activities that the kindergarten children especially enjoy is that of imitating animals and birds with musical accompaniment. The music played suggests a definite rhythm and may be slow and heavy with bass chords to suggest elephants or bears, or it may be quick and light suggesting birds or smaller animals. Each child is given an opportunity to demonstrate what the music expresses to him.

First Grade

The social studies period of the first grade is now studying the farm. Last week the children were shown lantern slides and pictures of farm animals. They also saw pictures of a dairy, showing cows at milking time.

During oral expression period the children took turns telling what they had learned.

Seventh Grade

During oral expression period last Monday, Hubert McDaniel told the seventh grade about his experiences during a visit he recently made with his parents, to Southern California.

In a pleasant, friendly way, Hubert told us about his trips to Mt. Palomar, to the Mexican border—Death Valley and Arizona.

Library

Jefferson elementary school has one of the finest elementary school libraries in the district. The attractive room has comfortable chairs, tables, and excellent lighting.

Book shelves filled with several hundred books furnish both primary and elementary children with fascinating reading material. The books cover travel, adventure, animals, mystery stories and how-to-do-things—all the fields of reading dear to a child's heart.

The library stimulates the entire school with a love for wholesome reading and care of books. From the time a child enters the kindergarten until the eighth grade has been completed, a proper use and appreciation of books is taught.

Nickel in Television

Television promises a new outlet for nickel. Vital as the device that translates the electrical impulses into visual patterns, the cathode-ray tube may require up to eight times as much nickel in its construction as does the conventional wireless tube. Associated with it in the receiving set are 18 to 36 radio tubes, as compared with 4 to 16 employed in the metal and its alloys are also used in the transmitting equipment.

READING - 'RITING & 'RITHMETIC AND MANY OTHER THINGS

News of the Jefferson School District

Grammar schools of the Jefferson elementary school district are observing American Education Week and Book Week jointly this week. Special programs and open house characterize the week-long observance.

WOODROW WILSON PRIMARY SCHOOL

Visitors at this school will find the children of the morning and afternoon kindergartens busy and happy, planning Thanksgiving at Grandmother's. They are building a miniature farm. Fruit, vegetables and animals are being made from modeling clay. Rhythmic activities, songs and games of this season will be heard.

In the low first grade, pupils are studying "Pets." They are helping to arrange original stories into a booklet. In the art corner will be seen pictures of a trip to see one of the classmate's pets.

On entering the high first and low second grade, another phase of modern education will greet parents. Here the children are dramatizing nursery rhymes.

In the low and high second grades the topic of current interest is the zoo. Slides and stereoscope pictures have added much to the stories written by the children. Free hand drawings of their trip to the zoo are on display in this room.

Boys and girls of the low third grade are studying Indians. They are busy making wampum belts out of cardboard and pumpkin seeds. The children have brought articles made by Indians, and these are on display.

Homes of the World are being studied in the high third and low fourth grades. The children have observed and discussed homes of the community, of the early Americans, and of Primitive Man.

The children of the low and high fourth grades are studying "Our State." Interesting class discussions are held about the Indians of California.

Thornton School

Thornton school is having open house for National Educational Week. Parents are invited to visit the classes, where the different units of work will be on display.

First and second graders are studying about farms; third and fourth grades about San Mateo county.

Yesterday afternoon a musical program was given and slides were shown by the children.

Crocker School

This year, American Education Week has been planned around the general theme, "Education for the Common Defense," and appropriate topics have been assigned for each day during the entire week. All classrooms will participate in the week-long observance. High fifth and low sixth

Pupils of the high fifth and low sixth grades visited the Press Wireless station recently. They witnessed the operation of one of the later methods of communication. Chief Operator Bergstedt of the Press Wireless Inc. and father of one of the pupils, gave a most interesting explanation of how the plant functioned as a transmitting station.

Thrilling moments came when Bergstedt contacted Tokyo, Manila and Shanghai.

At Woodrow Wilson Elementary

Old and new favorite book characters will parade before a Book Week assembly today. The following students are participating in the program:

Announcer—Evelyn Briseno.
Twin book-ends, Lois Clarke and June Clarke; Ferdinand skit, George Cabano, Alex Sola, Louise Mjehovich, Alice Twedi, and Shirley Miller; Hiawatha's childhood, Evelyn Beck, Beatrice Moran, John Allard, Paul Gama, and James Robbins; Stephen Foster Minstrel Show, interlocutor, Werner Ilgenstein; end men, Charlotte Bell, Allen Seiler, Robert Blassman, and Jerry Danford; nature study reading, Roselle Harmon; Chinese twin, Frances Oxley; Nat from Little Men, Carl Sterner; Courtship of Miles Standish, John Foreman, Lillian Altmas and Richard Lund.

Students who conducted and managed the program were: stage director, Rita Lozano; assistants, Bernice Mastel, Jean Miers and Jean Castagnetto.

Napoleon's Burial Place
Napoleon III is buried at Farnborough, England. Previously, he was buried in St. Mary's mortuary chapel, Chislehurst, England, where he died, but in 1887 the Empress Eugenie caused to be built St. Michael's Roman Catholic church, in the crypt of which were buried the emperor, the prince imperial and the empress.

Japanese Like Baseball
To Japanese, who are nearly 10,000 miles away, the annual World Series baseball games in America are of major sports interest.

At Perpetual Help School

First Grade

Girls of the first grade came out the winners in a consonant race held during their phonics periods, last Monday.

Third Grade

The writing of their own stories, dramatizing episodes in everyday life, proved to be quite a thrill for the little third-graders, last week. One group of girls gave a comical take-off on modern women buying stylish hats.

Fourth Grade

Friday the boys and girls of the fourth grade competed for honors in an arithmetic match. The girls were the winners.

Fifth Grade

Fifth-graders have been making silhouette posters for the past week. These posters were made to decorate their rooms and describe "Book Week."

Six, Seventh and Eighth Grades

Barbara Nassano, Patty Ann Tallon, Barbara Ford, Patsy Chreisten, Barbara Jean McDonough and Joyce Veit are leading their class a merry chase in the spelling bees being sponsored by the class. The reason such an interest is taken, and the best spellers singled out, is that the class will choose its best spellers to participate in a spelling bee sponsored by the Knights of Columbus. The date for this affair will be set later.

Studebaker Makes Financial Report

The Studebaker Corporation last week reported consolidated net loss of \$499,814 for the three months ended September 30 compared with consolidated net loss of \$395,365 for the corresponding period last year.

For the nine months ended September 30, the corporation reported consolidated net profit of \$457,495 compared with \$378,949 earned in the parallel months of 1939. This year's profit for the first nine months equalled 21 cents a share of common stock against 17 cents a share for the 1939 period.

"Third quarter results are affected by factory shut-downs preparatory to introduction of new models," Paul G. Hoffman, president of Studebaker said in commenting on the financial report. "The shut-down period this year covered 6½ weeks, over twice as long as in 1939 when a minimum of interruption occurred due to the fact that the low-priced Champion had been introduced in the spring of that year and few radical changes in 1940 models of that series were necessary. The duration of the third quarter's shut-down this year, as compared with 1939, is mirrored in the result of the period."

Net sales in the third quarter—reflecting the longer shut-down—were \$14,681,010 compared with \$16,010,096 in the same period last year. For the first nine months of the year net sales totalled \$57,282,070 against \$53,913,713 in the corresponding period of 1939.

Mrs. Dormoy Thanks No. 11 Precinct Workers

Mrs. Peter Dormoy, inspector at Precinct No. 11 during last Tuesday's election, today expressed her appreciation for the fine cooperation she had received from her fellow-workers during the balloting at 9 Shakespeare avenue.

The crew finished its work at 1 a. m., more than four hours earlier than on the presidential election four years ago. Although the group worked feverishly in an attempt to finish compiling the results as soon as possible, they each took time out to stand at attention during the playing of the national anthem over the radio, Mrs. Dormoy said.

Cleveland Relief Measure

Cleveland relief authorities have ordered the impounding of license plates of relief clients and members of their families who own automobiles. "If these people want to own and operate cars," City Relief Commissioner Frank G. Jones said, "they will get themselves cut off relief rolls."

Income Up in Seven States
From 1929 to 1937 America's national income dropped 12 per cent, but increased buying power, according to the department of commerce, was registered in the District of Columbia and seven states, Florida, Idaho, Nevada, New Mexico, North and South Carolina and Virginia.

National Defense

Daniel C. Hoan, former mayor of Milwaukee, will speak on the relationship of national defense to municipalities at the national convention of the American Municipal association being held in Chicago, today, Thursday and Friday. More than 7,500 cities in 42 states belong to the association.

Ice Races Every Thursday

Spectacular ice skating races, with local, State and Coast champions taking part, have been booked into Winterland for every Thursday night.

The new activity was brought about through entry of the silver Blades into Winterland. This is the reorganization of a well-known group of more than one hundred speed skaters who now hold regular sessions at Winterland.

The club elected officers this week, naming Bob Hunter, president; Joe Graf, Vice-president; M. McNiven, treasurer; E. Runden, secretary, and Jack Lopez, manager.

Lopez is Pacific Coast Amateur champion in speed skating.

The Winterland Speedsters was organized this year under the coaching direction of George Wallace, international speed champion. Wallace has been drilling his boys every week and promises fast competition.

Canadian Sport Fishing
Remarkable progress in the development and extension of sport fishing areas in the national parks of Canada is reported by the department of mines and resources, Ottawa, which administers Canada's system of national parks. As a result of biological surveys and subsequent stocking operations in the various lakes and streams, particularly waters once barren of fish, visiting anglers may now enjoy good fishing in many waters where previously there was little or no fishing available. One of the outstanding achievements has been the successful introduction of the speckled trout from its native haunts in eastern Canada into many of the clear, cold waters of the national parks in the Rockies.

Money in Your Pocket
You don't have to shoot the bill collector or put in a new furnace to save on your winter fuel bill. Scientists of a major glass company have found that savings up to 30 per cent can be obtained by "window-conditioning" a house with storm sash.

WHERE TO GO

James Hilton To Speak In S. F.

James Hilton, distinguished author, will be the next offering of Cosmopolitan Attractions when he is presented at the War Memorial Opera House tomorrow evening, November 14, in a talk on "Mr. Chips Looks at the World". Author of "Goodbye, Mr. Chips", "Lost Horizon", and various other best sellers, Hilton was prevailed on to make this San Francisco appearance, the second only that he is to make anywhere in the United States this season.

Other coming events of Cosmopolitan Attractions will include Mme. Elsa Schiaparelli, noted Parisian couturier, in a lecture, luncheon and style show at the Palace Hotel, Friday noon, November 15; Sigrid Undset, Norwegian novelist and Nobel prize winner, November 25; Dr. Will Durant, America's outstanding philosopher; Dr. Mortimer Adler, professor of Philosophy of Law at Chicago university, and Mrs. Franklin D. Roosevelt. The latter three are scheduled for the early part of next year.

The Clare Tree Major Children's theatre of New York will also be presented in four matinee performances, the first of which will be Sunday afternoon, November 17 at the Curran theater, when "Alice in Wonderland" is given. This famous children's theater will subsequently present "Robin Hood", "Hans Brinker" and "Heidi".

Tickets for all events are now on sale at Sherman, Clay Co.

Cornelia Skinner Comes To Curran

A Cornelia Otis Skinner booking is always a highlight in theatricals but her coming engagement of one week at the Curran, starting November 18 is doubly so, for she is coming in a repertory of her three great successes:

"Mansion on the Hudson" (Monday and Saturday nights and Wednesday matinee), "The Empress Eugenie" (Tuesday and Thursday nights and Saturday matinee) and "The Loves of Charles II" (Wednesday and Friday nights). It is said that these are the three vehicles that allow her the full gamut of her remarkable histrionic abilities.

The six scenes of "Mansion on the Hudson" cover a span of fifty-four years, telling the story of a once proud and wealthy family and the strange turn of fate endured by the house itself.

In "The Empress Eugenie" she shows the highborn Spanish girl before her marriage to Napoleon III. Swiftly changing the mood of youth, she takes her character through her vicissitudes as one of the most interesting and colorful women of all history.

To understand Charles II, the Restoration sovereign, is to know the period he so completely dominated. It was the England of dirt—and grandeur, of drunkenness, gluttony—and gout; of magnificent beauties, scholars, wits, poets and new scientists. The spirit of this era is embodied in "The Loves of Charles II."

State Roofs

When the roof of a home is renewed, the matter of weight of the material selected must be studied carefully. If the old roof is of wood shingles, it is often possible to cover it without removing the old shingles, but if a heavy material, such as slate, is used, the frame must be checked to see if it will safely carry the added weight.

Classes

DRAMATICS

Yes sir! we are putting the dramatics class first in line, for their A-1 performance, Thursday evening. The play was a huge success according to the crowd that turned out and watched our "Little Theatre" people.

The scenery was especially good, with a touch of realism in the scene of the World War. So we extend orchids to: Sigfred Hansen, dramatics coach; his cast—Muriel Hollingsworth, Adele Menjou, George Wallace, Bill Clement, Andrew Parodi, and Roy Di Vencenzi, publicity manager; Durant Moseley, stage crew coach, and his stage crew group.

Be sure to keep your eyes and ears open, for in the near future the dramatics class will put on a group of one-act plays plus their annual Christmas play.

Entertainment Committee

Put an extra large check in your little red book for December 6. Why? Well, just let me tell you a reason why. Remember October 11? Didn't you have a swell time? You did. Well then you will be interested to know that another dance is being planned for December 6.

The name of the dance is "Snowball" and for any further information see Betty Coen.

SCIENCE

I hope all you Bug-ologists have your money saved up for today is the day to turn in your name for the deep sea-fishing trip, to be held November 30. The trip is quite an excursion and I would advise you to hurry, for when speaking to Lionel Gray, he said, "first come, first served."

Besides being able to catch fish they are going to take movies of the affair, and you might turn out to be a celebrity.

Edgar Smith and Lionel Gray will be the faculty fishermen. From all reports that I've been able to gather from last year's fishing group, it's an opportunity you can't afford to miss. So come along and get out that pole and fish out some \$\$ and join in the fun.

Free Swimmers

There are a hundred and ten students in the school who are entitled to have four free swims. Yep! That is quite an honor, because you have to be present and on time for a month before you can have your name on the list.

If you think you are entitled to this honor, look on the bulletin board in the hall and see if you can go swimming free of charge.

Music

Jefferson should be pretty proud of its chorus of 86 people, for the fine performance they gave Thursday.

The chorus was featured in the following songs: "America the Beautiful," "The Lord's Prayer," and "God Bless America." Louise Baciocco, Mary Roberts, Betty Vuchilas, and Daisy Yonan were the sopranos featured in "God Bless America."

The following students participated in the chorus: Sopranos: Dominica Accinelli, Lorraine Anderson, Louise Baciocco, Margaret Berardy, Carmilla Boscolo, Betty Brewer, Rose Cavallero, Maxine Clark, June Core, Anna Crossland, Melba Frei, Evelyn Franco, Lillian Giannacchini, Louise Gilmore, Elsie Henry, Minnie Jorgensen, Florence Jauch, Jean Lowe, Yolanda Lucchesi, Lorraine Marcucci, Nadine Nelson, Patsy Nolan, Gloria Pinochi, Viola Pisani, Beatrice Putnam, Mary Roberts, Beatrice Sanchez, Charlotte Silvas, Rose Siragusa, Helen Sola,

Louise Sowle, Curtistine Teal, Grace Tvedten, Jean Tvedten, Betty Vuchilas, Marie Wieland, Norma Williams, Lorraine Woodward, Daisy Yonan, Alice Yorkman, Pamela Yorkman.

Altos: Virginia Aiello, Hope Barnes, June Blecher, Sarah Compagno, Theresa Compagno, Leona Crum, Henry Denton, Betty Hickley, Ruth Larson, Vera Lewis, Gloria Petroni, Ann Plate, Clovis Saporita, Bruna Rossi, Julia Yonan.

Sports

110's

In a hard fought duel the Jefferson cagers lost the last game of the season to the hard-shooting South San Francisco team. At the end of the playing time, South City's cagers had chalked up a 20-9 victory.

Even though Jeff put up a hard battle they just couldn't quite make the grade. South City proved to be the strongest team.

The boys were lined up:

F Wilson
F Christen
C Rereich
G Cavagnaro
G Prizborowski

120's

Jeff's 20 put up a stiff battle and were tossed out for a 22-10 victory. The game was interesting throughout, and hard fought, but the boys were just outclassed all together.

The boys went on the floor in this order:

F Reardon
F Bittencourt
C Wright
G Barrigliari
G Harmon

GPAL

B. Putman, M. Putman, P. Huelgeson, V. Flatt, G. Stegeman, M. Franzen, B. Wilmoth, E. Agresti, L. Ciarlo, B. Hickey, M. Nelson, D. Dawe, A. Finisterbusch, L. Hodges, S. Jones, N. Sorg, H. Oxley, L. Lekoff, V. Fellman and B. Pastrikas climbed aboard the 8:45 a. m. school bus and travelled down to Stanford for their annual play day, Saturday, November 2.

This play day is the biggest event of the year and seventeen schools participated. Jefferson represented the most northern school participating, and the girls came home with Jefferson squads winning both games in which they played.

One of the most thrilling events of the day was a demonstration of a northern peninsula hockey team. After viewing the hockey the girls went swimming and then ate lunch. At the end of their lunch period the group watched the Stanford Frosh-Soph play against Los Angeles junior college.

To end a perfect day the girls took a tour of the campus which ended at the Stanford Chapel.

Campus Fashions

Mossbacks are the key word for latest fashion styles. A striking and quite unique college model is the glorified shirtwaist. It is made of suede-finish rayon with a deep furry nap that feels exactly like moss to the touch. This darling comes in soldier blue or precious American beauty red.

To top off your new mossbacks wear one of the latest on—the military-side coats. Made in bright navy blue wool, this fitted-coat has a double-breasted closing, accented by flat brass buttons, embossed with blue and red enamel.

Huge impressive double flap pockets add a lot of spice to the looks of this wrapper. The insides of the pockets are lined in red, as is the inside of the coat.

Finish your chic outfit with a blue pillbox chapeau to nestle in your curls, and red gloves of pigskin.

This week's fashion bouquet goes to a little sophomore. Our fashion "Miss" graduated from Visitation Valley grammar school, two years ago, and then moved to Brisbane. When asked for her idea of a perfect high school, she stated "Give me good old Jeff, any day. I really prefer a small high school to a large one."

She caught my eye as she dashed down the hall, dressed in one of those extra smart, camel-hair, hip-length jackets. Under her jacket was a simple blue print cotton wash dress. Just the thing for the smart campus lass!

In case you haven't picked out this Miss yet, she has light chestnut color hair, wears glasses and has quite a fascinating smile.

Why, of course, it's little Norma Williams.

Student Government

John Razzari, sergeant-at-arms, called the regular meeting of the executive board to order at 8 a. m. yesterday. First business brought up under old business was the plaque to be purchased for the permanent trophy. Howard Viera, committee chairman, was absent so the subject was laid over until the meeting following Thanksgiving vacation.

Under new business Albert H. Boynton, editor of the Daly City Record, invited the student body to a Community fall bonfire sponsored by the Daly City Record. The bonfire will be held on Thanksgiving eve. The invitation was accepted 100 per cent.

Any member having a vote in the meetings and receiving below a "c" grade will be automatically removed from his office. Razzari asked whether or not this rule would affect honor members. It was stated that this rule applies to members having a vote and elected by the students.

Wild Duck Increases

The number of wild ducks in continental North America was increased by nearly 2,500,000 during the past year through the efforts of American sportsmen.

'Self-Made' Farmer

Charles McCartney, a farmer near Sigourney, Iowa, uses only articles of his own making. He built his own house, furniture, barn and plow. He and his family wear only goat-skin clothing, which he makes himself.

Journalism Students Hear CNPA President

Four Jefferson Union high school students and their advisor, Clive M. Saiz, heard California Newspaper Publishers Association President Neal Van Sooy deliver an address on "Freedom of the Press" at Stanford university, Saturday.

Ralph Matteucci, Norma Barker, June Core, and John Razzari were the local students who accompanied Advisor Saiz to Palo Alto. Van Sooy, who is publisher of the Azusa Herald as well as president of CNPA, was speaker of the day at the Central California Scholastic Press association convention at Stanford.

Following the morning convention, the local delegation were guests of the Stanford Board of Athletic Control at the Stanford-Washington game. "Our gang helped root Stanford to victory," commented Saiz.

First Hospital Chair

According to the minutes of the Pennsylvania hospital for September 28, 1788, Thomas Afflick, by many considered the superior of Philadelphia's famous cabinetmaker William Savery, presented the hospital with a curious mahogany chair for the easy removal of sick patients. The chair was valued at 12 pounds.

Bok Peace Award

In 1928 Edward Bok, the philanthropist, founded the American Peace award, offering \$100,000 for the most practicable plan to establish and preserve the peace of the world.
